TRULY PURE™

Ayurvedic Anti-Aging Serum  
Ayurvedic Anti-Aging Cream  
Gentle Foaming Cleanser  
Facial Mist

## **Gentle Foaming Cleanser– 210 ml, Airless Pump**

Gentle, all purpose coconut based cleanser. It removes impurities without drying or stripping the skin. Leaves skin soft with a natural glow. The first step of any skin care regime. Use before Anti-Aging Serum, Facial Mist and Anti-Aging Cream. Anti-bacterial, natural organic plant acids remove bacteria in the fine lines to help remove wrinkles. Therapeutic grade essential oils stimulate and nourish skin. Contains no artificial colors or preservatives. Safe, Natural, Artificial Preservatives Free.

Directions: Foam and apply to wet face. Removes impurities, excess oil and makeup from skin leaving a refreshing feeling and healthy glow. Rinse well. For better results, follow with our serum or cream.

Ingredients: Purified Water, Coconut Extracts (Decyl and Lauryl Glucodides, Coconut Betaine and MEA), Guar Gum, Aloe Vera, Vitamin E, Essential Oil Blend, Tetrasodium EDTA, OPA (Organic Plant Acids). Hypo-allergenic. No artificial fragrances, perfumes. Not tested on animals.

## **Three Step Facial Rejuvenation**

We provide the highest quality skin care products with pure ingredients. All our skin care products are suitable for sensitive skin as we do not use artificial colors, preservatives nor fragrances. To prevent chemical toxicity we only use plant based ingredients. Our therapeutic grade essential oils promote a sense of well being. For quick absorption of nutrients, we use edible plant sulfur (MSM), as a base for our cream and serum.

### **Step 1. Facial Mist – 60 ml, Airless Pump**

*Refreshing hydration, mineralization and rejuvenation. Use throughout the day. Contains 72 plant trace minerals and fulvic acid, with aromatherapy, so that your skin will be rejuvenated and hydrated throughout the day.*

Together these ingredients help to revitalize, moisturize and freshen your skin. They are especially soothing for dry skin, and designed for use in dry climates or polluted environments. Spray lightly to the facial area and allow to dry. For best results follow up with our Anti-Aging Serum and Anti-Aging Cream.

This spray helps nourish, moisturize , and repair your skin from the outside. While using it you will experience an instant feeling of freshness and rejuvenation of your skin. Spray after cleansing your face and before applying Anti-Aging Serum or Anti-Aging Cream.

Directions: Spray on face and neck throughout the day. Soothes, hydrates and rejuvenates the skin. Especially useful for dry skin and/or dry conditions. Fulvic Acid has been used in Ayurveda for thousands of years.

Ingredients: Purified Water, 72 Plant Trace Minerals, Silica, Fulvic Acid, Essential Oils of Ylang, Lavendar, Rose and Citrus. Nypo-allergenic. No artificial fragrances, perfumes. Not tested on animals.

**Step 2. Anti-Aging Serum – 30 ml, Airless Pump**

*Fast absorption, quick repair.* This extra high potency Serum contains retinol (200,000 units per ounce) and Co Q10, together with alpha lipoic acid, rosehip oil, carrot oil, MSM (plant sulfur) and anti-bacterial Organic Plant Acids to help reverse the signs of aging.

This all natural, preservative free serum has been proven to rejuvenate and repair the skin within days of use. Your skin will take on a firmer and more radiant glow and maintain a soft, smooth, silky feel and appearance. For best results, use after the Facial Mist and follow up with the Anti-Aging Cream twice per day.

Spa Anti-Aging Serum Fast Absorption, Quick Repair. The inspiration for Spa Anti-Aging Serum and Anti-Aging Cream formulas come from a leading Hollywood formulator. Apply twice daily after Spa Facial Mist for noticeable results within three weeks.

Directions: Use twice daily. Apply to face and neck with upward strokes. This serum is designed to quickly reduce wrinkles and fine lines.

Ingredients: Purified Water, MSM, Sunflower Oil, Retinol, CO-Q10, Vitamins D, E and Alpha-lipoic Acid, Glyceryl Monostearate, Ayurvedic Herbs: Tribulus Terestris, Curcuma Longa, Parmelia Perlata, Taxus Baccata, OPA (Organic Plant Acids), Essential Oils of Lavender and Cedar. No artificial colors, fragrances or preservatives. Paraben-free. Not tested on animals.

**Step 3. Anti-Aging Cream – 60 ml, Airless Pump**

*Aging prevention, feeds and rejuvenates the skin, and protects the skin.* This high potency, all natural, preservative free cream, contains retinol (100,000 units per ounce) and Co-Q10, together with alpha lipoic acid, MSM (plant sulphur) and anti-bacterial OPA (Organic Plant Acids).

This all natural, preservative free cream replenishes moisture, improves skin tone, reduces deep lines and furrows as well as eliminates wrinkles in a remarkably short period of time. Acne and sun spots will clear. This fast

# PURE HEARTS *International*

absorbing cream goes directly into the skin, to nourish it from under the surface, leaving it feeling soft and silky. For best results, use after the Spa Facial Mist and Anti-Aging Serum twice per day for noticeable results within one or two months, or as desired.

Directions: Use twice daily. Apply to face and neck with upward strokes. This cream is designed to reduce fine lines.

Ingredients: Purified Water, MSM, Sunflower Oil, Vitamins D and E, Glycerol Monostearate, Ayurvedic Herbs: Tribulus Terrestris, Curcuma Longa, Parmelia Perlata, Taxus Baccata, OPA (Organic Plant Acids), Essential Oils of Lavender and Cedar. No artificial fragrances, colors or preservatives. Paraben-free. Not tested on animals.

## Additional Features and Benefits

All our skin products are • suitable for sensitive skin, as we do not use artificial colors, preservatives, or fragrances. In order to provide • the highest quality and freshness of our skin care products, we manufacture them of the highest quality, pure ingredients, in our own contracted facilities and on regular basis. To prevent chemical toxicity, we only use plant based ingredients. For a sense of well being, we use only therapeutic grade aromatherapy. For fast results and quick absorption of nutrients, we use edible plant sulfur (MSM). For extra nourishment and moisturizing, we use the special grade sunflower oil. To fight free radicals and prevent premature aging, we use potent nutraceuticals. For soothing and healing, we use chamomile extracts with their antibacterial and antifungal properties. And we add OPA (organic plant acids).
